Cadre Noir Of France's Ecole de Saumus Visits Battlefield

A cavalryman's first interest is naturally in the cavalry, so it was no surprise that the ten members of the Cadre Noir of France's Ecole de Saumus were interested primarily in the cavalry movements at the Battle of Gettysburg when they visited the battlefield here Sunday.

In this country to participate in the International Horse Show in Harrisburg, they had dinner at the Hotel Gettysburg and were shown the battlefield by Dr. Frederick Tilberg, historian of the Gettysburg National Military park. Lt. Oliver D. Cooke, Fort Jay, New York city, was their interpreter. None of the visitors could speak or understand English.

Comment As Tourists

The French army officers commented on many aspects of the battle as related by Dr. Tilberg, recognized mistakes made at Gettysburg as similar to French cavalry errors at Sedan and other battles, but pointed out that their remarks were made as "tourists" and not as military critics.

Visiting the locale of the first day's battle here first, they envisioned the rolling land from Seminary ridge westward as ideal for maneuvering and the concealed movement of troops, but later said the terrain between the roundtops and the Emmitsburg road was conducive to the successful use of cavalry.

Poor use of cavalry was made on both the Union and Confederate sides, they declared. From their knowledge of the battle, they were amazed that "Jeb" Stuart was out

Secretary To Vice-President Urged RFC Loan

Washington, Oct. 22 (AP) — Charles E. Shaver, counsel for the Senate Small Business committee, said today he and the secretary to Vice President Barkley helped induce the Reconstruction Finance Corporation (RFC) to grant a \$1,000,000 loan in 1950 for construction of a luxury hotel in Florida.

He said backers of the project finally rejected terms of the loan, and never received the money. "I've got no apologies to make for it," he told a reporter.

He said Mrs. Flo Bratton, secretary to the vice president, also was active in negotiations which, he added, took them to the offices of some RFC directors.

"I was not aware that the RFC had rejected the loan four times before these people asked me for help," Shaver said. "I thought there had been one rejection, on grounds that collateral for the loan was not adequate."

EIGHT FIREMEN INSPECT HOTEL, ANNEX, THEATER

Eight members of the Gettysburg fire department, including the chiefs and the fire marshal, inspected the Hotel Gettysburg Saturday afternoon.

The tour, arranged for the purpose of better acquainting firemen with the layout of the hotel, its passages and corridors, exits and equipment, was conducted by Henry M. Scharf, manager.

Both Fire Chief Donald G. Jacobs and Fire Marshal Eugene S. Sickles complimented Mr. Scharf on the "cleanliness, orderliness and neatness of the hotel." They said all exits were properly marked and accessible and all fire extinguishers in working order.

Inspect Theater

The inspection included not only the hotel but also the annex and the Majestic theater and their various floors, hallways, fire escapes and basements and the heating facilities and water system, the storage tank and sprinklers.

Ways and means of entering various sections of the building in the event of fire or other emergency were studied by the firemen. Mr. Scharf served refreshments after the inspection.

Those taking part included Chief Jacobs; First Assistant Chief Donald McSherry; Second Assistant Chief Donald Staub; Fire Marshal Sickles; Firemen Donald Myers, William Mellors, Rufus Reaver and Frank Linn.

Preparing For New Inspection Period

In preparation for the new state auto inspection period which will open November 1, meetings of Adams county inspection station operators will be held at the state highway garage, Fairfield road, Thursday and Friday evenings. It was announced today by Dewey E. McCauslin, president of the Adams County Automotive Dealers' association.

Station operators from the eastern half of the county will attend the Thursday meeting with Lavere Hamme as chairman and on Friday evening western section dealers will attend. David Forney is their chairman.

The chief of the financial responsibility section of the Bureau of Highway Safety and Carl F. Renz of the state police will attend both meetings.

Sheriff Makes Second Trip To Newark To Apprehend Eberight

Sheriff Dorsey J. Schultz left at 5 o'clock this morning for Newark, N. J., in a second attempt to secure Albert Eberight, former manager of the Adams County Cooperative Egg association, and return him to the Adams county jail.

Accompanied by Deputy Sheriff Harry Sease, of Fairfield, who again accompanied the sheriff today, Sheriff Schultz motored to Newark Saturday to learn that a teletype message sent to the New Jersey city had failed to arrive.

As a result, the court house there was closed, and officials had scattered for week-end trips, making it impossible for the sheriff to obtain a release for his prisoner.

Schultz and Sease returned Saturday night, and Eberight remained in the Newark city jail over the week-end.

An information on fraudulent conversion and embezzlement by Eberight was filed by District Attorney Daniel E. Teeter before Jus-

American Tanks Batter Red Targets In Kumsong Again; Open Truck Talks Tomorrow

Munsan, Korea, Oct. 22 (AP)—Korean truce talks are expected to resume tomorrow or Wednesday.

Liaison officers today completed an agreement for reopening negotiations after a two-month break. The United Nations command promptly ratified it.

If the Communists OK it today, armistice talks will reopen at 11 a.m. tomorrow (9 p.m. tonight EST). The U.N. command said no word had been received from the Reds up to 8 p.m. Monday (6 a.m. EST).

May Start Tomorrow

Brig. Gen. William P. Nuckols, spokesman for the U.N. command, said if Red approval is received tomorrow morning, delegations "may well agree on initiating the sessions tomorrow afternoon."

The two five-man negotiating committees will meet in a faded yellow tent at Panmunjom, midway between opposing front lines. They will take up right where they left off at Kaesong—on the question of where to create a demilitarized zone for the armistice. The Reds suspended the Kaesong talks August 23. They charged the Allies bombed the Kaesong neutral zone the day before but the Allies denied the charge.

U.N. and Communist liaison officers completed their arrangements for renewal of negotiations by signing an eight-point security pact at 10:45 a.m. Monday.

Call for Action

Three hours and 20 minutes later the U.N. ratification was delivered to the Reds at Panmunjom. It called on the Communists to renew truce talks "without further delay."

The U.N. ratification was signed by Vice Adm. C. Turner Joy, chief U.N. delegate. He told North Korean Lt. Gen. Nam Il, head of the Red delegation, the Allied negotiating team was prepared to meet with the Communists the day after the Red reply was received. He set the hour for meeting at 11 a.m.

TWO FREEDOM BALLOONS ARE RELEASED HERE

Gettysburg residents were given a graphic demonstration that "the winds of freedom always blow toward the east" Saturday morning when a Crusade For Freedom motorcade released two balloons from Lincoln Square. The caravan included a truck displaying the Radio Free Europe radio stations sending messages across the "Iron Curtain" into Russian dominated countries, and a sound truck from which was explained the work of the Crusade in sending freedom messages by radio and balloon into such countries as Czechoslovakia, Poland and others.

Harold Wenz, commander of the Albert J. Lentz post of the American Legion, released a plastic type balloon and Lawrence M. Shreds, Crusade for Freedom chairman for Adams county, released a rubber balloon from the square as part of the program. Both types of balloons are used to send freedom messages.

Bernhard Manheimer, Pittsburgh; Charles Scovill, Philadelphia; and George Patti, Clifton Heights, accompanied the caravan. They explained that money raised by this year's Crusade will go toward maintaining the two radio stations in Europe. If sufficient funds are obtained, additional radio stations will be constructed.

BADLY BURNED

home this evening from 7 to 9 o'clock.

The blast weakened two walls at the one-story concrete block plant to the extent that they were later torn down, James T. Hays, of Emmitsburg, a member of the firm which operates the business, said Friday night. He said the walls were not blown down by the blast.

Cause Undetermined
Hays characterized the affair as a "flash," the cause of which has not been determined. It could have occurred from a mixture of gases, the origin of which has not been discovered he conceded.

No gas was being pumped at the time and all the bottled gas tanks were intact after the explosion, which makes it more difficult to figure what happened, he asserted.

He said Sauble and Eckard, near the loading dock, were packing hoses on a compressor—"handling rubber" as he put it—and apparently doing nothing which could have created a spark to set off any gas.

Maryland state police had reported it was possible, due to the early morning fog, that gas fumes had settled in one location and that some one dropped a wrench or piece of metal which caused a spark. Hays indicated on such thing happened, as far as he knew. There were no motors of any kind in operation at the time, he said.

Bullets Crush Muhlenberg 34-14 For Second Victory

An aerial-minded Gettysburg college football team turned in its finest performance of the season Saturday night in defeating Muhlenberg 34-14 in the Allentown high school stadium for its second victory in five starts. About 5,000 fans attended.

The Bullets took to the air 31 times with Gene "Berk" Ward on the pitching end most of the time. Ward twice connected with Joe Ujohal for tallies. Ward completed 10 of his passes with Bobby Bitner adding three.

In gaining victory the Bullets took the lead in the 31-game series with 16 victories against 15 reverses. The point total was the second high in the series, Muhlenberg having won 32-20 in 1948. Gettysburg's total was its highest in the series. The Mules secured 38 points in the 1912 game when they won 38-7.

Muhlenberg took the lead midway in the first period when Wescoe plunged over from the one-foot mark and Woodworth booted the extra point.

Loss Point On Penalty
Gettysburg came right back with a TD in the first frame when Gene Powell went over from the 6. Bill Pratt booted the ball between the uprights but the Bullets drew a 15-yard penalty and on his second try Pratt's kick was short.

Coach "Hen" Bream's lads moved out in front in the second period when Ward hit Ujohal with a pass for the score and Pratt converted. Two more Bullet tallies came in the third frame when Gettysburg recovered a pair of Mule fumbles deep in Muhlenberg territory. The first TD came on a short Ward-Ujohal aerial and the second on a six-yard drive by Ujohal.

Yocum Adds Final
Bill Yocum accounted for Gettysburg's final touchdown in the early moments of the final frame with a short line plunge.

A pass to Trechak produced Muhlenberg's final touchdown in the last quarter. As the game ended the Bullets were within a yard of another score.

Muhlenberg fired a total of 25 passes during the contest and was successful on 13, one going for a score.

Bill Ewing, Bullet guard, played one of his best games while other outstanding performers included Ward, Jim Rooney and Joe Day.

Vince Rossetti, back, missed the game after he suffered an injury during practice Friday evening and may be out for the season.

Next Saturday the Bullets invade Baltimore to meet Johns Hopkins.

Boudreau Is Named New Bosox Manager

Boston, Oct. 22 (AP)—The Red Sox appointed a new manager today—Lou Boudreau, who for so many American league seasons was a nuisance to the Boston team. Boudreau, who joined the Sox last spring after his release as Cleveland manager, succeeds Steve O'Neill for whom he once played.

Boudreau, now 34 years old, was signed to a two-year contract.

O'Neill, who was a coach at Cleveland when Boudreau led the Indians to the world championship in 1948, will continue in the Sox organization's farm system, it was announced.

GETTYSBURG HI ON SELECT LIST

Harrisburg, Oct. 22 (AP)—Only 18 major Pennsylvania scholastic football teams today sport unbeaten records for the current campaign.

The select list includes: East—Berwick, Danville, Kulpmont, Larksville, Ridley Township and West—Scranton.

West—Bellwood-Antis, Conemaugh Township, DuBois, Erie Cathedral Prep, Greensburg, Johnstown Catholic, Munhall and Uniontown.

Another long streak came to an end when Coal Township was defeated 26-6 by unbeaten Swoyersville. The Purple Demons had gone through 25 games with only a tie as a blemish on their record.

LONGSHOREMEN'S STRIKE SPREADS

New York, Oct. 22 (AP)—The mushrooming strike of rebel longshoremen spread today to Staten Island and threatened to tie up the entire port of New York by night-fall.

Police headquarters reported dock work almost at a standstill in Manhattan, Brooklyn and Staten Island.

A general work stoppage also was reported on the New Jersey waterfront, but the full impact of the strike there was not immediately clear.

Idle longshoremen, wildcatting since Monday against the orders of their union leadership, gathered in large groups—sometimes as many as several hundred—at pier entrances.

The strikers are protesting the terms of a new wage contract ratified recently by a majority of the 65,000 ILA members from Maine to Virginia.

They want a 25-cent-an-hour pay increase and a revision of several other contract clauses. The new contract gave them a 10-cent hourly boost, bringing average wage to \$2.10.

Calls Nomination Of Clark "Unfortunate"

Pittsburgh, Oct. 22 (AP)—President Truman's appointment of General Mark Clark as ambassador to the Vatican is "most unfortunate and unnecessary," says the Reverend Harrison Ray Anderson, moderator of the General Assembly of the Presbyterian church in the United States of America.

In an interview after delivering a sermon at the East Liberty Presbyterian church here last night, Dr. Anderson added:

"It (the appointment) destroys an American tradition in which we had worked out a harmonious relationship of the separation of church and state. It is bound to cause a controversy which could well have been avoided at a time when all Americans are needed to stand together."

GIANTS AND BROWNS CLASH NEXT SUNDAY

New York, Oct. 22 (AP)—The New York Giants, only team holding an advantage over the Cleveland Browns, take their unbeaten record to the gridiron on the once defeated National Football league champions in the pro circuit's No. 1 game Sunday.

The Giants, with a 13-13 tie by Pittsburgh the only blot on their record, chalked up their third victory of the campaign yesterday with a great third period scoring spurge that downed the Philadelphia Eagles, 26-24.

At the same time, the Browns' defense also proved their best of offense as they blanked Pittsburgh's Steelers, 17-0, for their third success in four outings.

Field Goal Decides

Since their organization, the Browns have been defeated only seven times and two of the setbacks were by the Giants last year—the first year Cleveland played in the NFL. The Browns also were beaten by the 49ers this year. The other four defeats were in the defunct All-American conference.

The Giants packed all of their scoring against the Eagles yesterday into the third period and the first minute of the final quarter with Ray Poole's 12-yard field goal providing the deciding margin.

Touchdowns by Bill Stribling, Em Tunnell and Eddie Price in the third offset a great performance by the Eagles' rookie end, Bob Walston.

The Georgia product counted 18 of Philadelphia's points on two touchdowns, a field goal and three conversions. He also set up another with brilliant catch of one of Adrian Burk's aerials.

Coach Brown's defensive unit was the big factor in Cleveland's shut-out of the Steelers. In addition to staying off two Pittsburgh scoring threats, the defensive players scored the two touchdowns. Leo (The Toe) Groza's 17-yard field goal produced three points and marked the 15th successive game in which he has kicked a field goal. The Cleveland tallies were scored by Horace Gillom after a blocked punt and Warren Lahr on an intercepted pass.

Two-way Affair

Meantime, the battle for the National conference lead was reduced to a two-team affair—Chicago's Bears and Los Angeles. A week ago five teams were deadlocked.

The Bears, with Johnny Lujack coordinating his passing with the running of rookie John Dettley, defeated San Francisco 13-7. A 67-yard run by Dettley on the end of 10-yard pass from Lujack produced one TD and the ex-Notre Dame ace sneaked over for the other after the 200-pound fullback had smashed 11 yards to the one.

The Rams, exploding for all of their points in the second half, shutout Green Bay 28-0. Dan Towler, 220-pound rookie, went 79 yards; Bob Waterfield hit Tommy Kalkmanir with a 38-yard pass and Norman Van Brocklin connected with Elroy (Crazy Leg) Hirsch for 81 yards for three touchdowns—all in seven minutes. Jerry Williams scored the final one.

First For Redskins

Lujack was injured in the fourth period and carried from the field. Sammy Baugh, playing every minute the Redskins were on the offensive, passed for the touchdown that gave Washington a 7-3 triumph over Chicago's Cardinals and the Skins' first victory of the season.

Bob Celeri's aerial work was instrumental in bringing the New York Yanks from behind four times as they tied the Detroit Lions' 24-24. Leon Hart accounted for two of Detroit's touchdowns, catching 15 and seven-yard passes for scores.

Doylestown, Pa., Oct. 22 (AP)—

Two prisoners awaiting trial on morals charges at Bucks county jail slipped through a hole in a cell wall and escaped yesterday, fleeing over the 32-foot outside wall.

William McMullen and Harry Bentham, both 34-year-old Philadelphia, made their way to freedom by using a contrivance consisting of five knotted sheets attached to a piece of chain and a prison broom. Each weighs a scant 125 pounds.

Sports Roundup

By HUGH FULLERTON, JR.

New York, Oct. 22 (AP) — Biggie Munn, the well-nicknamed Michigan State football coach, conservatively tabs Don Coleman as "a right good tackle," then adds with a grin, "and he has been that way for three years — on offense or defense."

Line Coach Duff Daugherty positively glows when you mention Coleman's name and points out, "He's faster than any of our backs for 30 yards."

"That's hard to believe after you've seen some of those Spartan backs go, but when you watch Coleman coming off the weak side of a single-wing setup and blocking his men almost before they can move—or going down to tackle punt receivers—you know he's as fast as a tackle as you've ever seen."

Daugherty tells how Coleman, supposedly leading speedy little Leroy Bolden in a play, was knocked down by a defensive lineman. Don got up, passed Bolden and made the key block for a 33-yard run.

If Michigan State climbs back to the top of the rankings after Saturday's triumph over Penn State, you can safely say Coleman's blocking did it. "They ask him to do things no other tackle would try," remarked one observer, "and he's so fast he makes them look easy."

JUST A SHOW-OFF

It was in a game between Syracuse and Lafayette and Coach Ben Schwartzwalder was clearing the Syracuse bench in an effort to keep the score down. "Near the end of the game he had seven freshmen and four sophoms on a defensive platoon he sent into the game. . . . Nobody knew or cared much who they were. . . . Syracuse had recovered seven fumbles and as soon as this gang took over Lafayette fumbled again and once more Syracuse recovered. . . . The offensive platoon took over and as the kids trotted off the field one unknown frosh told his playmates: "Don't go recovering any more of those fumbles. How in heck do you think we're going to get a chance to show the coach we can play football."

MONDAY MATINEE

Both Hamline U. the NAIB basketball champions, and Missouri State of Warrensburg have seven men six-foot-five or better on their rosters for the coming season. . . . Silliest play reported so far in the football season came when Rice tried an onside kickoff against Navy. The ball was laid flat on the ground instead of being teed up and the kicker missed the ball entirely. . . . Everybody was downfield and both teams were looking for the ball when one Rice lad ran back and gave it a boot. Then the ref blew his whistle and signalled "offside."

Indiana Teachers Hold Slim Lead

Harrisburg, Oct. 22 (AP)—Once-tied Indiana held a slim two-point lead over unbeaten Bloomsburg in the official standings of the new 14-team Pennsylvania State Teachers' conference after week-end football action.

The Indiana Indians had to come from behind in the last three minutes to turn back a determined Slippery Rock eleven, 12-6, while the Bloomsburg Huskies were upsetting Shippensburg's flu-ridden Raiders, 40-14.

In other games, West Chester won its second straight conference game in defeating East Stroudsburg, 27-13, while Millersville edged Cheyney 14-13.

ARRIVES IN KOREA

Pvt. Stanley A. Kint, 21, son of Mrs. Mary A. Kint, Table Rock, has arrived in Korea where he is serving in the medical corps. Pvt. Kint entered the service last May 10 and trained for six weeks at Ft. Knox, Ky., and eight weeks at Ft. Sam Houston, Texas. Prior to entering the service he was employed by the Knouse Corporation at Peach Glen. He is a former carrier of The Gettysburg Times.

UPSETS MARK GRID RESULTS ACROSS NATION

New York, Oct. 22 (AP) — The old maxim that most accidents take place right in your own back yard is something to ponder. Ask California, Texas, A. and M.

They were rolling merrily along winning game after game — some from rivals all over the country — but they awoke with a start today to find their proud records smashed to smithereens by foes they expected to take into camp with no trouble.

The biggest reversal Saturday was Southern California's 21-14 victory over California, a team that had been tied only once in the past four years of regular season competition and which had held a virtual stranglehold on the Pacific Coast conference championship.

Underdogs Win

That's all over now if the Trojans can get past Stanford and U.C.L.A., their two remaining league foes. Further, those victories would assure Southern Cal a Rose Bowl bid, which automatically goes to the conference winner provided it has not played there the previous year.

In the southwest, where the annual mad scramble for the Cotton Bowl bid is in full swing, no one would dare make a prediction on the future after Saturday's shenanigans.

Texas was supposed to have no trouble with doormat Arkansas. The Razorbacks won, 16-14. Texas A and M was a clinch over Texas Christian. The underdogs won, 20-14. Southern Methodist was set to sail past Rice. Rice won, 28-7.

Ohio State Trounced

Now the standings look like something dreamed up on Mars. Texas Christian is in first place with a 2-0 record and Texas, Texas A and M and Southern Methodist share the cellar with 0-1 records. Baylor, which whipped Texas Tech, 40-20, is the only league team with a clean record, 4-0. However, only one victory has been scored over a league opponent.

Ohio State was the choice to win the Big 10 crown in pre-season forecasts. But the Buckeyes were being staggering and after their 32-10 shellacking at the hands of Indiana, one of the league have-nots, they will be lucky to make it.

Defending champion Michigan heads the class with two wins and no losses after polishing off Iowa, 21-0. But the Wolverines still must play Minnesota, Illinois, Northwestern and Ohio State, so the race is far from settled.

Confused In East

In the south, Tennessee, Maryland and Georgia Tech still are in the thick of the fight for top national honors. Tennessee was the prediction for the No. 1 team in the land before the season started, and the Vols have held up admirably, their latest conquest being a 27-13 operation on Alabama.

But the south in general has been weaker than expected and this more than any other factor, probably has kept the Vols from going to the top in the weekly Associated Press poll. Maryland, which probably will win the Southern conference title, roared past North Carolina, 14-7, and Georgia Tech knocked Auburn from the ranks of the undefeated, 27-7.

In the east in general, and the Ivy league in particular, the situation also is confused. But it should be ironed out come Saturday when Princeton and Cornell clash. The winner should wind up with the crown. The Tigers warmed up to their task by winning their 17th straight, this one from Lafayette 60-7, while Cornell polished off Yale, 27-0.

Harvard beat Army, 22-21; Penn stopped Columbia, 28-13; Oklahoma, last year's mythical national champion, defeated Kansas 33-21, and Notre Dame overwhelmed Pitt, 33-0 in other major games.

We reproduce from his recent Newport speech some facts not generally known with respect to significant changes in the constitutions of Southern States. He shows that Alabama, Arkansas, Missouri and Texas have stricken from their constitutions the requirement of paramount allegiance to the Union, and have substituted much milder phrases. Step by step we have a revamping of the States Rights heresy which culminated in the Rebellion of 1861. "Tilden and a solid South" means a restoration of the "Lost Cause" and Southern domination in the general government.

Today's Talk

By GEORGE MATTHEW ADAMS
FRIENDSHIP WITH THE IMMORTALS

The opportunity for each one of us to link our kinship with the immortals of this earth is the privilege of us all. These great live in the books about them and in the books that they may have left behind. We can listen to Socrates, Marcus Aurelius, Lord Bacon, Epictetus, Milton, Carlyle, Hugo, Voltaire, Emerson, Thoreau and an endless array of the great who have left "footprints upon the sands of Time."

"Fifteen or twenty minutes," said Dr. Osler, "day by day, will give you fellowship with the great minds of the race, and little by little, as the years pass, you extend your friendship with the immortal dead."

I am never alone in my library. From the many shelves, so full of every sort of knowledge, I have but to reach for a single volume, and I am a Guest to that great one whose recorded thoughts are before me. We must look upon books as living things, undying in their influence over our own thoughts and actions. Every night I like to retire with the lesson that I have learned from some fact or expression discovered within the silent pages of these books.

More lasting and living than anything else in this world are the thoughts and deeds of the great who have left their records behind. How much their silent friendship means to us all! You can journey with scientists and naturalists and feel your presence with them as you read of their enthusiasm and interest in the vital things of life. Fabre devoted a lifetime to the study of insects and his books are as fascinating to read as though you sat at his feet and listened to his talk.

The influence of a great life does not cease when it no longer breathes. It lives on and on in the books that tell about it and which carry its life thoughts. There is no respecter of persons when it comes to the invitation that these great books offer to the willing and searching mind.

When you read the Life of Dr. Samuel Johnson, for example, by James Boswell, so intimately is that book written that you feel you are in the very presence of the author and subject! No biography in literature is so fascinating and instructive. Thanks to Boswell, we know Dr. Johnson!

Tomorrow Mr. Adams will talk on the subject: "Blood to Give Life."

THE EXPENSIVE NUMBER

I had hoped that the lady I took out to dine

Would know that a very thin wallet is mine.

I was sure that she knew today taxes are high;

That a dollar but fifty-six cents' worth will buy.

And I thought at the table she'd give me a break,

But she didn't. She looked up and ordered a steak.

As she read the long menu I suffered a chill.

In my pocket I'd only a ten dollar bill.

So I dropped this remark just as fast as I could:

"I think you will find that the hash here is good."

And that was a hint I had hoped she would take.

But she didn't. She sat there and ordered a steak.

There were dishes much cheaper. A nice kidney pie

At one seventy-five I had hoped she would try.

I know that she saw it. It couldn't be missed;

As the chef's best suggestion it headed the list.

But that was a choice that she never would make.

And my ten dollars went when she ordered a steak.

BATTLE LOOMS ON VATICAN AMBASSADOR

Washington, Oct. 22 (AP)—White House sources said today there is little likelihood of a recess appointment for Gen. Mark W. Clark as United States ambassador to the Vatican.

In the absence of a recess appointment—that is one made while Congress is in recess—Clark could not take over the ambassadorial post until his appointment was approved by the Senate.

That may mean the whole matter of actually sending an ambassador to the Roman Catholic church state will be held up for months. This would afford time for the legislators and the White House to assess the wave of protest touched off by President Truman's decision to establish regular diplomatic relations with the Vatican.

Washington, Oct. 22 (AP)—A wave of protest against President Truman's decision to enter regular diplomatic relations with the Vatican promised today to touch off a heated battle when Congress reconvenes.

There was little if any criticism of the President's selection of Gen. Mark Clark as ambassador to the Roman Catholic church state. The protests, some of them from the pulpit, were from Protestants who argued that the establishment of diplomatic relations violates the constitutional injunction that church and state shall be separate.

The U.S. has never had a full ambassador at the Vatican, although Myron C. Taylor served there as personal representative of Presidents Roosevelt and Truman from 1940 until last January 18, when he resigned.

Vatican Delighted
Late Saturday Mr. Truman announced that he had selected Clark, an Episcopalian who now is commander of army field forces, to be ambassador. A White House statement said the President felt "the purposes of diplomacy and humanitarianism will be served" and added that direct relations with the Vatican will help coordinate a common fight against communism.

The White House statement noted that 37 other nations maintain diplomatic representatives at the Vatican.

Francis Cardinal Spellman of New York said the Vatican and the U.S. hold "identical objectives of peace." The most Rev. Patrick J. McCormick, rector of Catholic university here, praised Clark and said, "I am glad to see our country taking advantage of representation at the Vatican."

Opposing Views
The opposing view was expressed by Protestants all over the nation, starting with Dr. Edward H. Pruden, Mr. Truman's own pastor at the First Baptist church here.

"I did my utmost to point out the great dangers which seemed to me to lie" in the President's move, he said in a sermon yesterday. Dr. Pruden declined to elaborate when a reporter asked whether he meant he had talked to the President about the matter.

The Senate adjourned Saturday without acting on Clark's nomination, made only a few hours before. Some senators privately expressed displeasure at the timing of the move, which was such that the President can now give Clark a recess appointment. That likely will mean that he will already be on the job in Rome before the Senate

AUTO INSURANCE RATES GO UP

Harrisburg, Oct. 22 (AP)—An average 20 percent increase in automobile insurance rates went into effect today in Pennsylvania.

The increase, approved yesterday by the State Insurance department, was requested by insurers affiliated with the National Bureau of Casualty Underwriters.

The new rates provide for an increase of 30 percent on property damage and 11.4 percent on bodily injury for private passenger cars. Property damage rates for commercial vehicles goes up 13.1 percent. The increases apply to all insurance written from today on or policy renewals beginning today. The increase does not apply to insurance already renewed.

Artemas C. Leslie, state insurance commissioner, said the increase was made effective now because of "the unusually high loss experienced in liability lines, which is due in large part to the result of inflation in our national economy."

FAITH HEALERS' BOY IS CRITICAL

Ephrata, Pa., Oct. 22 (AP)—Six-year-old Elmer Zimmerman, Jr., remains on the critical list at Ephrata Community hospital today while his family, staunch believers in "faith-healing," continue their bedside vigil of prayers and quotations from Scripture.

The boy suffered a skull fracture when he was struck by an automobile enroute to school on Friday.

He was taken to his home in nearby Goodville where his father, Elmer, Sr., spurned medical treatment and gathered the family of eight in prayer at the child's bedside.

A physician, summoned by relatives, ordered the boy removed to a hospital but the father refused saying: "If the Lord wants to heal the boy, he will do so and no power on earth will take him from this house."

Several hours later, the elder Zimmerman relented when an ambulance arrived with a court order for the boy's transfer to the hospital. The parents have remained at the child's side almost constantly insisting their prayers alone will save the boy if God so wills it.

Faith-healing is an extreme form of religion prevalent among some families of this rural "Pennsylvania Dutch" community in the southeastern section of the state.

gets around to considering the issue.

Lawmakers were reluctant to comment at all. Senator Hickenlooper (R-Iowa) praised Clark and said he thinks Mr. Truman "had a legal right to make an appointment." Senator H. Alexander Smith (R-N. J.) said he was happy to have a direct contact with the Vatican. Senator McCarran (D-Nev.) praised the move, but Senator Olin D. Johnston (D-S.C.) said he was "very much opposed." Johnston said he thought there might be a move in Congress to cancel the move by withholding funds.

The Senate adjourned Saturday without acting on Clark's nomination, made only a few hours before. Some senators privately expressed displeasure at the timing of the move, which was such that the President can now give Clark a recess appointment. WHY NOT PLANT SUGAR MAPLES?

At the beginning of the present century maple syrup production averaged annual more than 66 gallons per 1,000 of total population. So seriously has this thing we call modern civilization depleted stands of native sugar maple trees that during the last few years production has declined to less than 11 gallons per 1,000 of population. Unconcerned and apathetic, the American people are watching the passing of a once-flourishing and picturesque industry from which flowed one of the most delicious articles of food ever known to man.

Can the sugar maple be saved? Is there enough financial incentive in the revival of this industry to enlist public opinion in the cause?

"I'll never live to tap one of the trees" is the excuse most frequently advanced when sugar maple planting is suggested. How sound is this attitude?

On almost every farm in this latitude, where sugar maples thrive naturally, there are idle, non-productive nooks where at least a few trees could and should be growing. Often planting stocks may be obtained from near old native trees without cost. The labor of planting a few trees each year is so negligible as to merit minor consideration. And here is the measuring stick: Suppose Farmer A, with a farm of 180 acres, should decide to sell out and he advertises "General farm for sale, buildings in good condition, equipment included; 700 sugar maple trees ranging from 3 to 20 years of age. . . . How much would that final item add to the potential sale figure of the farm?

Two species are recommended for syrup making, Acer saccharum and Acer saccharum nigrum. The first is commonly known as "Sugar" maple, the latter as "Black" maple.

To maintain tree vigor and a maximum flow of sap, sugar maples should occupy a site where the forest floor is heavily covered with leaves. However, this advice does not turn thumbs down on individual trees growing along water courses and in other suitable locations where no leaf mulch is possible.

Where maples are grown as a "sugar grove," pasturing should be completely avoided at all times.

In choosing young trees for planting it is advisable to seek specimens which have promise of well rounded heads.

It is wise to plant young maples close together, probably 6 by 6 feet, thereby allowing 1,210 to the acre. When these reach a height of 8 to 10 feet and begin to crowd, thinning should be done to remove the weaker trees and allow the others more head room.

Later winter and early spring planting is generally advised, although late fall planting is permissible, also planting during mild periods over winter.

Interested land owners should write their Congressman for a free copy of Farmers' Bulletin 1366—Production of Maple Syrup and Sugar. This publication contains a

wealth of helpful advice on starting and maintaining a sugar "orchard," including details about making and storing syrup and sugar. Of course, the editor will gladly answer all related questions.

FALL PLANTING GIVES GARDENER RUNNING START

Fall planting gives the gardener a running start for next year. At this time of the year he can best check his property to determine improvements that should be made. Perhaps a hedge or tree here, renewal of the foundation planting, a home fruit garden, or plantings to attract more birds or improve the outdoor living space so it will be colorful the year around.

Evergreens especially should be planted at this time. They have had their full growth and have hardened off, leaving them in excellent condition to move from the nursery. The color pageant of summer, fall or winter is always enriched by liberal plantings of evergreens. In the summer they offer distinctive and contrasting foliage. This is likewise true in the fall when other foliage has ripened and changed. In the winter, evergreens are a reminder of summer's green and that adds a warm touch to the property during cold weather.

Fruit trees, their fruits ripening in the fall, likewise extend the wealth of color into the cooler months. Not many things are more appealing than a tree loaded with apples, peaches, pears, crab apples or quinces.

Some Timely Hints
Much of next year's garden success depends on careful preparations made this fall. Trees, shrubs and vines can be planted until the ground freezes. Perennials can be set so they can become established before cold weather puts an end to their growth.

Here are a few hints for more successful fall planting from Dr. Richard P. White, executive secretary of the American Association of Nurserymen:

1. In transplanting, do not allow plants to dry out. If you are delayed during transplanting, heel the plants in the ground and water them well, so they will stay vigorous until you are ready to put them in their proper places.

2. Balled and burlapped plants should be lifted by the ball. It is not necessary to remove the burlap, just slit it at the top after the ball is set in place. Be sure to dig a hole large enough to hold the ball and allow plenty of soil to be packed around it. The hole should be at least as deep as the plant originally grew. Water liberally until the water soaks the roots and earth completely. Plants should be planted in a hole three times as

wide as the ball.

3. Plan your shrub and tree plantings to add a combination of pleasing foliage, flowers, berries and fruits to your property from spring through fall, with liberal use of evergreens for color and contrast the year around.

length skirt of gold marquisette over taffeta with matching stole about the shoulders. Veiling and seashells trimmed her braided velvet hat. Her arm bouquet was of yellow chrysanthemums.

The bridesmaids were Miss Doris Hawkes, Yardville, and Miss Patricia Rafferty, Trenton. Their gowns were similar to that worn by the maid-of-honor. Miss Hawkes wore green and carried an arm bouquet composed of yellow and bronze chrysanthemums while Miss Rafferty was attired in a rust-colored dress and carried bronze chrysanthemums.

Carol Dee Totten, niece of the bride, was the flower girl. Her floor-length frock was of green velvet and marquisette over crinoline, similar in fashion to the gown of the bride. She carried a miniature arm bouquet of bronze and yellow chrysanthemums.

Brother Is Best Man
Harry G. Troxell, Birmingham, Mich., brother of the groom, was the best man. The ushers were Ran-

dolph J. Totten, brother of the bride; Ernest Curtin, Yardville Heights, and James P. Smith, Gettysburg.

During the ceremony, Mrs. D. Hartley Sinclair, soprano soloist, sang "The Lord's Prayer," "Still Is The Night" and "For You Alone," accompanied by D. Hartley Sinclair, violinist, and Mrs. Robert J. Sim at the organ.

A reception was held at Lavender Hall, between Newtown, Pa., and Washington Crossing.

For her daughter's wedding, Mrs. Totten chose a floor length gown of brown crepe Romaine, with matching accessories, and wore an orchid corsage. Mrs. Troxell selected a floor length gown of grey crepe with rose accessories and an orchid corsage.

To Live In Trenton
The bride, who is an alumna of Hamilton high school and of the June McAdams School of Modeling, Philadelphia, was graduated in June from Locomobile college, Williamsport.

Mr. Troxell, a graduate of Gettysburg high school, served two years in the United States Army, after which he attended the Locomobile college where he received his bachelor of arts degree. He is presently associated with the John A. Roehling company.

TEAMS COMPETE
AT HORSE SHOW

Harrisburg, Pa., Oct. 22 (AP) — A three-way battle for top honors was expected when team competition between five nations opens tonight in international jumping at the Pennsylvania National Horse show.

The United States, Canada and Mexico turned in the best unofficial team scores in the preliminary jump Saturday night. The new U. S. team turned in a faultless performance over the original course. Canada had only a single time fault while Mexico's team of green mounts had eight.

However, the initial event was scored on an individual basis and team scores did not count officially. Capt. Michael J. Tubridy of the Irish team on Aberlawn won the trophy in a six-way jump-off that included all three American entries.

Tubridy completed the jump-off over the nine-jump course with raised barriers in 37 4-5 seconds. He was one second faster than Resorte II ridden by Capt. Victor Saucedo of Mexico and 4 1-5 seconds better than Arthur McCashin, of the U. S. team on Totilla. Tom Gayford of Canada on skip across was fourth with a clocking of 46 4-5 seconds. All four had faultless performances in the jump-off as well as the original course so the placing was decided by time.

The other two members of the U. S. team — Mrs. Carol Durand, of Kansas City, Mo., and Major John Russell, of New Cumberland, Pa., raced against the clock and knocked down barriers in the jump-off. The Irish Army team had 16 1/2 faults over the original course while Brazil had 27 1/2. Four faults were given for each knock-down and one-quarter fault for each second in excess of the maximum of 55.

Tonight the teams will compete as units for the first time this year in low score event similar to the ones used in the Olympics. All five teams are preparing for the 1952 games at Helsinki, Finland.

Snyder Bus Line Increasing Rates

A five-cent increase in all fares of the Snyder Bus Line, Carlisle, has been filed with the Public Utility Commission to become effective November 15, the PUC said Friday. The state regulatory agency said the boost would apply to the various existing fares of the company, which operates buses between Carlisle and Gettysburg. Six and seven-trip weekly tickets would be eliminated under the new fare setup.

Paul W. Snyder, owner of the bus line, told the PUC the proposed changes would produce an estimated \$4,300 additional annual revenue needed to meet higher operating costs.

ARREST THREE RUNAWAY GIRLS

New York, Oct. 22 (AP) — Roberta, Marilyn and Arlene are three little bobby-soxers who were baby-sitting just a few nights ago back in Nahant, Mass.

But they wanted to dance and wanted to see the big city—and they happened to stumble on a fortune that wasn't theirs.

So they took the money and came to the city: To shop on Fifth avenue, to see the night spots, and to be grown up.

Everything was fine until they met three city slickers and later the local police. Now they are in jail and the money is gone.

Police gave these accounts after the two girls were arrested on Friday along with Leo Cusson, 21, of Worcester, Mass., and Wayne Eckhardt, 24, of Grand Rapids, Mich.

The two men were picked up by the girls after they had been escorted to a few night clubs by three other men. But the trio disappeared, the girls said, along with \$15,000 that was in the locker.

Police quoted Roberta as saying they took \$18,000 in all from the doctor's house. They had \$40 between them when they were arrested.

But Dr. Covner said he missed \$24,000.

In addition to the juvenile delinquency charge against Roberta, Marilyn and Arlene were booked here as fugitives. Roberta and Marilyn face juvenile delinquency charges based on alleged larceny in Massachusetts; and Arlene, the oldest, is charged with larceny in Nahant.

Eckhart was charged with impairing the morals of a minor. Cusson was booked on an assault charge.

FIRE COP, DAD OF 10, IS KILLED

Harrisburg, Oct. 22 (AP) — A fire policeman was killed by an automobile today while directing traffic at the scene of a fire at nearby Enola.

The victim was Fred G. Heckert, 46, father of ten children. The fire destroyed Shirk's Motor Express terminal at Enola. An estimate of the damage was unavailable.

Only the charred walls of the one-story brick building remained after the fire.

Several workmen on duty at the terminal when the fire broke out moved 10 huge conveyer trucks from the burning building.

Firemen from Enola, Summerdale and Lower Allen township brought the flames under control.

Heckert had been directed by Fire Chief Fordney to detour traffic from congested Enola road. He had been on duty less than a half-hour when the accident occurred.

Keifer, Elizabeth Stair, Mary Jane Hankey, Mrs. Mae Sentz, Mary G. Bowman and Mrs. Paul Durbin.

Mrs. Helen Ashenfelter, of the Coatesville degree team, presented an orchid to Mrs. Ada Rider, who was chosen for the honorary office of Auxiliary Mother. Mrs. Louise Sentz, who acted as temporary chairman throughout the organization activities, which began in April, was also presented with an orchid for services rendered. The local aerie presented to each of the new Auxiliary officers a corsage and to all ladies in attendance for the event a carnation from the Littlestown aerie. A special prize of a wrist watch was presented to Mrs. Rita Claybaugh.

Approximately 200 were on hand for the institution ceremonies with guests present from Hanover, Gettysburg and the Coatesville Aeries and Auxiliaries. Representing the Littlestown aerie were President Claude E. Snyder, Secretary John A. Sentz, Treasurer Edward G. Loeffel and Trustee Claude Olinger. The local aerie served a buffet luncheon following the closing ceremonies. A meeting of the new auxiliary officers will be held this evening at 7:30 o'clock at the Eagles home.

The Littlestown Aerie No. 2226 was organized on May 26, 1936, with a charter membership of 102. At present there are 717 members. This year will be remembered for another outstanding event besides the establishment of the Auxiliary. In January, the new addition to the original building which houses the Eagles was completed. It includes the grill room, where the ceremonies were held on Sunday afternoon and where dancing takes place every Saturday night; a modern lounge room, with bar and television; a small dining room, kitchen, cloak room and office. The cost of the new addition was approximately \$46,000.

The aerie will show its interest in community affairs by entertaining the Littlestown high school football squad following the game with Stewartstown on the Littlestown Memorial field on Friday night. The Thunderbolts will be treated by the aerie at Bankert's restaurant.

Bulldozer Blade Kills 9 Workers

Casa Grande, Ariz., Oct. 22 (AP) — The projecting edge of a knife-like bulldozer blade slashed across a truck carrying 19 Papago Indians, killing nine and injuring four.

The 3,600-pound blade was being hauled on the back of a flatbed trailer. The accident occurred Saturday night on a bridge 16 miles south of here.

One victim, a 16-year-old girl, was cut in two at the waist. The trailer and its truck met the Indians' truck on a narrow 18-foot bridge.

Johnstown, Pa., Oct. 22 (AP)—Jacob Bowers of Lancaster is the new president of the Pennsylvania Federation of Men's Bible classes. Bowers was elected to succeed Harry J. Farr, of Sayre, at the federation's week-end convention, attended by nearly 2,000. Reading was selected for next year's convention on the third Saturday of October.

HARRY VAUGHAN RAPS HIS CRITICS

Washington, Oct. 22 (AP) — Maj. Gen. Harry H. Vaughan today said: "It is sometimes easier to die for your country than to live for it under the attacks of the character assassin, and I speak from no mean amount of experience along those lines."

President Truman's military aide, a central figure in the sensational congressional "five percent" investigation of 1949, teed off at his critics, and those of the administration, in a magazine interview titled "Ethics in Government."

The copyrighted article was published in the U.S. News and World Report.

In it, Vaughan said both he and Mr. Truman felt that "99 percent" of the criticism leveled against him in Congress "is political."

Many Accusations
Declaring "I have been accused of more things than almost any man in public life today," Vaughan added:

"The fact that practically all of the accusations were disproven completely on investigation makes no difference — the refutation never catches up with the headline in-mundo."

Vaughan was sharply criticized by the Senate subcommittee which conducted the 1949 probe into influence peddling, for accepting as a gift seven home freezers.

A friend of Vaughan's, John

Maragon, first told the committee about the freezers. He said they were sent to Vaughan by a Chicago perfume manufacturer who wanted some favors from the government. Vaughan denied any wrongdoing. Maragon was convicted of lying to the committee about his financial affairs. He was sentenced to from eight to 24 months in jail.

Crawfordsville, Ind., Oct. 22 (AP) — A young couple identified by police as Raymond Greene, 21, and his sister, Ruth, of Elmira, N. Y., were being held for federal authorities today on a charge of stealing several vehicles in Pennsylvania, Ohio and Indiana.

Policeman Robert Suber said the pair admitted stealing cars in Williamsport, Altoona and Millvale, Pa.; Marysville, Sydney and Dawn, O., and Union City, Ind.

On Wednesday the Japanese will visit the state industrial school at White Hill. Then they will go to Philadelphia, and from there to New York City. The group, according to Mr. Lehrman, plans to visit Indianapolis and Sacramento, Calif., before flying back to Japan at the end of their two-week visit.

In the group are Justice Matsuke Kawamura of the Supreme court of Japan; Judge Hakaru Abe, president of the Fukuoka high court; Seichi Shimoyama, associate justice of the Supreme court; Shungo Abe, House of Representatives of the Diet; Gisen Sate, House of Councillors of the Diet; Yoshihiko Kawamoto, liaison officer, attorney general's office, Tokyo, and Mamumi Yanagawa, secretary general of the attorney general's office. Ray Echigoshima, American-born interpreter assigned by the army, accompanied them.

General Eisenhower Joins Guernsey Club
The American Guernsey Cattle has announced the election of General Dwight D. Eisenhower and George E. Allen, "Dega" Farm, near Gettysburg, to membership. They have a herd of registered Guernsey cows on their farm.

The American Guernsey Cattle club is a national organization of more than 50,000 breeders of purebred Guernseys. It records the registration of purebred Guernseys which trace to the Island of Guernsey, the original home of the breed, in the English Channel. It also supervises tests of production and, through Golden Guernsey, Inc., supervises the marketing of Golden Guernsey milk.

Jersey And Ohio
New Jersey—9th District: For seat of Republican Rep. Harry L. Towe, who resigned to become deputy state attorney general. Candidates are Frank C. Osmer, Jr., former Republican representative, and Miss Evelyn Seufert, (D.), an attorney. Republicans have won this district by comfortable margins since 1936.

Ohio—3rd District: For seat of Democrat Rep. Edward Green, who resigned because of ill health. Two Dayton real estate men are candidates, Jesse Yoder (D.), a state representative, and Paul Schenck (R.). The district has been alternately Democratic and Republican since 1938. Green defeated Schenck in 1950 by a 15,206 plurality. Democrats are hopeful of keeping the seat, but fear a possible small vote.

Washington, Oct. 22 (AP)—Listless campaigns except in a few local races, provide slim pickings for politicians looking for 1952 signs in the off-year elections November 6.

A special House election in Maine today to fill a vacant Republican seat is expected to go Republican as usual. Four more House vacancies will be filled November 6 and leaders do not look for any party overturns.

A sixth special House election comes off December 4 in Nebraska. Voters next month also will choose governors in Kentucky and Mississippi, state legislators in those states and Virginia and New Jersey, and a host of city officers, including mayors in Philadelphia, Boston, San Francisco, Indianapolis, Cleveland, Salt Lake City, and several Connecticut cities.

One Governor's Contest
Law enforcement issues, arising from the Senate crime investigation, are figuring in the races for the New Jersey Legislature and for the New York city council.

The sole governor's contest is in the border state of Kentucky. Hugh White's election as Democratic governor of Mississippi is a mere formality since he won the primary there and has no opposition in the general election.

Democrats say they will be greatly surprised if they fail to retain the Kentucky governorship. The blue grass state is normally Democratic, having had only three Republican governors in the last 40 years.

Contesting there are Democrat Gov. Lawrence W. Wetherby, a 43-year-old Louisville attorney who moved up from lieutenant governor last November 27 when Gov. Earle C. Clements resigned to become a U.S. senator. Wetherby won the August 4 primary with a record plurality of 161,000.

Congressional Fights
His Republican opponent for the four-year term is Eugene E. Siler, 51, Williamsburg attorney, former appeals court judge and Baptist lay preacher. He was nominated by a plurality of 17,900.

FOUR RAFTERS FINALLY REACH NEW ORLEANS

New Orleans, Oct. 22 (AP)—The four crew members of the raft "Lethargia" enjoyed the luxury of hot food and modern plumbing today after 90 days of roughing it down three rivers.

The rafters, two men and two women, all single, ended their 1,800-mile trip. At 3:30 p.m. (CST) yesterday after floating down the Allegheny, Ohio and Mississippi rivers from New Kensington, Pa.

The girls, Mary Elin McCrady, 24-year-old sociology graduate from Ann Arbor, Mich., and Geraldine Garcia, 24, a Boston commercial artist, were met by their mothers when the crude 12 by 24 raft pulled up at the foot of Canal street.

200 Greet Rafters
The foursome, sun-tanned and frazzled, were met by the press and about 200 onlookers but were overlooked by New Orleans officials. On shore the mothers met for the first time Don Brown, 24, of Detroit, and Milton Borden, 30, of New Bedford, Mass., the men in the crew.

Mrs. James Domingos, widowed mother of Mary Elin who works in the Department of Agriculture at Washington, said she had not objected to the unchaperoned junket. "Mary Elin is a very open and frank person," she said. "I've never worried a minute about that, just their safety. I was so relieved when I heard two men were going. At first she wanted to make the trip with just girls."

Go Separate Ways
Mrs. James Harney, Geraldine's mother, said she objected to the trip at first because of the danger but not because it was unchaperoned.

The quartet, practically strangers when they started the three months' trip, planned to spend a few days here sightseeing before going their separate ways.

Brown said he would return to the University of Michigan next term after a visit to his home in Detroit. Mary Elin plans to return to Wash-

ROYAL COUPLE HIGHER TAXES AT VICTORIA, B. C. IN FORCE SOON

Victoria, B. C., Oct. 22 (AP)—Another round of official inspections, followed by three days of welcome rest, were on the schedule today for Princess Elizabeth and Prince Philip.

The royal couple, nearing the halfway mark of their cross-Canada junket, arrived here from Vancouver yesterday aboard the Canadian destroyer Crusader.

Today's round of activities included a reception at the city hall, a meeting with members of the provincial legislature and their wives and with chiefs of various Indian bands, a tour of the Esquimaux dockyard and a visit to the Royal Roads Armed Services academy.

To Rest At Lodge
At 6 p.m., the royal party heads for Eagle Crest lodge, 125 miles north of here, for three days of undisturbed rest.

Staid Victoria abandoned its traditional reserve yesterday to welcome the princess and the duke. Guns boomed salutes as the destroyer sailed into the harbor. A crowd of 15,000 jammed the waterfront to cheer the royal party as it embarked.

The destroyer's officers said the prince, a lieutenant-commander in the Royal Navy, spent several hours inspecting the Crusader during the voyage from Vancouver.

the number dropped to 1,343 and last year the total was 1,393.

Saturday \$925.25 was turned in at Community Chest headquarters. Contributions to the chest provide the funds for Gettysburg's share of the operations of the YWCA, Library, Boy Scouts and Girl Scouts and for all of the operations of the Recreation association and the Civic Nursing association.

Philadelphian, Oct. 22 (AP)—An empty Dutch freighter collided yesterday in the Delaware river with one of two floats carrying railroad cars loaded with coal. One railroad car was torn open but no one was injured in the collision with the Bloomersdyk, a ship of the Holland-American line.

Capt. Edward Dimitri, of the tug Cheltenham, which was towing the floats, told harbor police he thought he would clear the channel before the freighter reached them. But the bow of the Bloomersdyk rammed into one float, he said.
